GeoDataVision has extracted data from the CFPB Snapshot file as of May 1, 2023 released June 29, 2023, and compiled the above report based on mortgage originations that were correctly geo-coded and matched to an MSA or non-MSA in the database. In some cases, loans were not correctly geo-coded or tracts were entered as "NA" by the Reporter and therefore were omitted from the report. These disqualified records are statistically insignificant and do not materially affect the analysis.

GeoDataVision has classified as "minority" any loan records in which either the applicant or co-applicant was identified as minority (race codes 1-4) as well as any records in which ethnicity was indicated to be Hispanic or Latino (ethnicity code 1) with race code "5" (white).

# Sample Bank - Duval County - Assessment Area Report 1B: Lender Profile with Penetration Rates

GeoDataVision has extracted data from the CFPB Snapshot file as of May 1, 2023 released June 29, 2023, and compiled the above report based on mortgage originations that were correctly geo-coded and matched to an MSA or non-MSA in the database. In some cases, loans were not correctly geo-coded or tracts were entered as "NA" by the Reporter and therefore were omitted from the report. These disqualified records are statistically insignificant and do not materially affect the analysis.

## Sample Bank - Duval County - Assessment Area Report 2:

### Lender Profile by Institution Market Share - Minority Tracts only

GeoDataVision has extracted data from the CFPB Snapshot file as of May 1, 2023 released June 29, 2023, and compiled the above report based on mortgage originations that were correctly geo-coded and matched to an MSA or non-MSA in the database. In some cases, loans were not correctly geo-coded or tracts were entered as "NA" by the Reporter and therefore were omitted from the report. These disqualified records are statistically insignificant and do not materially affect the analysis.

GeoDataVision has classified as "minority" any loan records in which either the applicant or co-applicant was identified as minority (race codes 1-4) as well as any records in which ethnicity was indicated to be Hispanic or Latino (ethnicity code 1) with race code "5" (white).

# Sample Bank - Duval County - Report 3: Borrower Demographic Profile for Assessment Area by County and Census Tract

\*The Minority Units total represents all Hispanic Units plus all non-White non-Hispanic units. The Minority Units total can also be reconciled as Total Units less non-Hispanic Whites and non-Hispanic Race Not Provided. Black/African American applications are broken out by ethnicity, Hispanic or non-Hispanic, however, the Summary totals include Black Hispanics in both the Black/African American total and the Hispanic total.

Summary of Activity by Minority Tract Class		
	<u>Total Units</u>	<u>%</u>
Majority-Minority >50 and < 80%	9,751	33.9%
Super Majority-Minority >= 80%	2,143	7.5%
<b>Total Majority-Minority</b>	<b>11,894</b>	<b>41.4%</b>
<b>Non-Minority</b>	<b>16,839</b>	<b>58.6%</b>
<b>Totals</b>	<b>28,733</b>	<b>100.0%</b>

Majority-Minority tracts have minority population greater than 50%

Super Majority-Minority tracts have minority population greater than or equal to 80%

GeoDataVision has extracted and compiled the above report based on mortgage originations that were correctly geo-coded and matched to an MSA or non-MSA in the database. In some cases, loans were not correctly geo-coded or tracts were entered as "NA" by the Reporter and therefore were omitted from the report. These disqualified records are statistically insignificant and do not materially affect the analysis.

\*The Minority Units total represents all Hispanic Units plus all non-White non-Hispanic units. The Minority Units total can also be reconciled as Total Units less non-Hispanic Whites and non-Hispanic Race Not Provided. Black/African American applications are broken out by ethnicity, Hispanic or non-Hispanic, however, the Summary totals include Black Hispanics in both the Black/African American total and the Hispanic total.

Yellow highlight = 200 or more mortgages  
 Orange highlight = 100 to 200 mortgages

Summary of Activity by Minority Tract Class		
	<u>Total Units</u>	<u>%</u>
Majority-Minority >50 and < 80%	9,751	82.0%
Super Majority-Minority >= 80%	2,143	18.0%
<b>Total Majority-Minority</b>	<b>11,894</b>	<b>100.0%</b>
Majority-Minority tracts have minority population greater than 50%		
Super Majority-Minority tracts have minority population greater than or equal to 80%		

GeoDataVision has extracted and compiled the above report based on mortgage originations that were correctly geo-coded and matched to an MSA or non-MSA in the database. In some cases, loans were not correctly geo-coded or tracts were entered as "NA" by the Reporter and therefore were omitted from the report. These disqualified records are statistically insignificant and do not materially affect the analysis.

\*The Minority Units total represents all Hispanic Units plus all non-White non-Hispanic units. The Minority Units total can also be reconciled as Total Units less non-Hispanic Whites and non-Hispanic Race Not Provided. Black/African American applications are broken out by ethnicity, Hispanic or non-Hispanic, however, the Summary totals include Black Hispanics in both the Black/African American total and the Hispanic total.
